AirBnB is a great idea. People rent out rooms in their homes so that travellers can stay in a real house rather than a hotel. There are places to stay all over the world and some are quite unusual. When I went to Paris, I stayed in Nathalie's spare room in her apartment.

Although the room was nothing special, it was great to stay with a real French person. She helped me with my French and told me about some good places to go that weren't in my travel guide. One day, she even took me to her favourite cafe. So actually, instead of going to touristy places, I did what the locals do instead.

Emily, Manchester

I have the best holidays when I go to music festivals. My favourite is called WOMAD, which stands for World of Music and Dance. They happen all over the world, but the one I go to is in Wiltshire in July. I love it because you can listen to music from around the world and you can try things that you've never done before, too. There's lots of great food to eat, yoga classes, crafts and entertainment. I never get bored. Actually, I go every year, and I've already got my tickets for next year because you get a discount if you buy them early.

Stella, Cardiff

One of my favourite holidays was on a canal boat on the river Thames. It was such a relaxing holiday. You're not allowed to travel very fast on the river, so it takes ages to get anywhere and you have time to watch the ducks and look at other wildlife. My life is very busy, so it was great to have some time just to look at things. You also go past some beautiful houses on the river. I would love to do it again.

Cameron, Bristol

I've only been camping once, but it was such a lot of work to put the tent up that I've never done it since. That's why my son booked a weekend of glamping for us. Glamping is very popular in the UK. It's like camping, but without the hard work. When we arrived at the campsite, everything was ready for us. We stayed in a Mongolian tent called a yurt. We slept in real beds and cooked our food on a fire. We even had newspapers and fresh orange juice in the morning. I loved it, but my son didn't think that it was worth all that money. I understand why he thought that, but I'll definitely do it again.

English at work What do these people have at Commona Banker in Mexico City, a waiter at a five-star hotel in Moscow and a worker at the Hitachi electronics factory in Tokyo? Everyone speaks English at work. Today, English is the common language in multinational companies in countries from France to Singapore. Every day he has meetings with other managers in English. Also read documents and write emails in English and speak English to offices in other countries. We are a multinational company with offices around the world', says Jean-Paul. We also have some people in our Paris office who are not French. We need a common language to communicate, and that language is English. I think it's a good idea, but some people don't like to speak English at a meeting when almost everyone is French; why is it good for you? In these countries, people eat many vegetables, bread, pasta, rice, fish, olive oil and wine. They don't eat a form of red butter 2.
